AMENDED IN ASSEMBLY APRIL 21, 2015

AMENDED IN ASSEMBLY APRIL 6, 2015

CALIFORNIA LEGISLATURE—2015–16 REGULAR SESSION

ASSEMBLY BILL

No. 678

Introduced by Assembly Member O'Donnell

February 25, 2015

An act to add Chapter 4.3 (commencing with Section 39735) to Part 2 of Division 26 of the Health and Safety Code, relating to greenhouse gases.

LEGISLATIVE COUNSEL'S DIGEST

AB 678, as amended, O'Donnell. Greenhouse gases: Energy Efficient Ports Program.

Existing law establishes various programs to provide financial assistance for energy efficiency upgrades and investments. Under existing law, the State Air Resources Board has issued regulations to reduce emissions from diesel auxiliary engines on container ships, passenger ships, and refrigerated cargo ships while berthing at a California port. Existing law establishes the Greenhouse Gas Reduction Fund as a special fund in the State Treasury, and requires that all moneys collected by the state board from the auction or sale of specified greenhouse gas allowances, be deposited in the fund and available for appropriation by the Legislature.

This bill would require the state board, in conjunction with the State Energy Resources Conservation and Development Commission, to

develop and implement the Energy Efficient Ports Program to fund energy efficiency upgrades and investments at public ports, *as described*. The bill would authorize the state board to expend moneys it receives from an appropriation from the fund for the ~~purposes~~, *purposes* of the bill, as provided.

Vote: majority. Appropriation: no. Fiscal committee: yes.
 State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Chapter 4.3 (commencing with Section 39735)
 2 is added to Part 2 of Division 26 of the Health and Safety Code,
 3 to read:

4
 5 CHAPTER 4.3. ENERGY EFFICIENT PORTS PROGRAM
 6

7 39735. (a) The state board, in conjunction with the State
 8 Energy Resources Conservation and Development Commission,
 9 shall develop and implement the Energy Efficient Ports Program
 10 to fund energy efficiency upgrades and investments at public ports
 11 that help reduce the emissions of criteria pollutants, toxic air
 12 contaminants, and greenhouse gases.

13 (b) Projects eligible for funding in the program shall include,
 14 but are not limited to, the following:

15 (1) Installation of solar, wind, and other renewable technologies
 16 at marine terminals, and warehouses and other freight facilities at
 17 the ports.

18 (2) Replacement of conventional lighting with light emitting
 19 diodes (LED) lighting at the ports.

20 (3) Installation of cold ironing or shorepower ~~equipment~~
 21 *equipment, or other emissions control or reduction technologies,*
 22 on vessels, beyond actions required by regulations, to facilitate
 23 reduced emissions from diesel auxiliary engines on container ships,
 24 passenger ships, and refrigerated cargo ships while berthing at a
 25 California port.

26 (4) Deployment of zero and near-zero emission vehicles and
 27 infrastructure technologies, including, but not limited to, stationary
 28 fuel cells, energy storage and battery, and electric trucks at
 29 California ports.

1 (5) Other projects that reduce grid-based energy demand from
2 cargo handling operations at public seaports.

3 (c) The state board, in consultation with the State Energy
4 Resources Conservation and Development Commission, shall
5 develop guidelines for the implementation of this chapter that are
6 consistent with the California Global Warming Solutions Act of
7 2006 (Division 25.5 (commencing with Section 38500) and Chapter
8 4.1 (commencing with Section 39710)).

9 (d) Moneys appropriated to the state board from the Greenhouse
10 Gas Reduction Fund, established pursuant to Section 16428.8 of
11 the Government Code, for the purposes of paragraph (1) of
12 subdivision (c) of Section 39712 may be used for the purposes of
13 this section.

O
